Technician Skills Sheet

For Technical/Design Internships ONLY: Designers should fill out the fields pertinent to their specific internship(s) they are applying for. Stage Managers should fill out all sections. You may attach additional pages if needed.

General Questions (all applicants)

Describe how and why you got into technical theatre.

What parts of technical theatre do you enjoy and what do you feel you are best at?

What do you least enjoy and what do you feel are your weakest areas?

Stage Management and Running Crew

Describe a running crew experience. Be sure to list your responsibilities. (Was this a professional, community or educational experience?)

How do you define the stage manager's role in relation to the production?

Lighting Design

Briefly describe your experience with theatrical lighting (including course work, designs, light crews, and light board operations)

You are doing a light check prior to a show and an instrument does not come up. What do you do?

Describe the purpose and function of a light plot and how to you one.

Sound Design

Briefly describe the extent of your experience with sound design or operation. (Include course work, designs, and sound board operation)

Describe your most recent experience working with sound for a show/event.

Describe/draw the basic path of sound from a microphone to a speaker using a soundboard.

Scenic Design and Properties

Describe your experience in a scene shop.

List the shop equipment you feel comfortable and are competent using.

Describe your experience with designing/pulling props.

Costume Design

Describe the extent of your experience in costumes. (Include course work, designs, wardrobe crew and assistantships)

Describe the extent of your sewing skills. (Hand and machine)

Do you have experience in other costume related areas? (i.e. millinery, painting and dying, tailoring, knitting, etc...) To what extent?
